ICPC ID (Competitive Programming): [ICPC ID](#).

Codeforces.com Account (Competitive Programming) : [NourAlhadi](#).

CyberTalents.com Handle (Cyber Security): [NourAlhadi](#)

Mobile : +963 - 933776933.

Address : Syria, Latakia.

About:

A professional full stack developer passionate about incorporating algorithms and data structures into real-life apps and help make those apps much more efficient.

Vision:

Develop my experience while working on high quality projects and pass this experience to companies and Corporations.

Badges:

To Charge for every new challenge and motivate myself for any great achievements done, I've created a badge system (give myself a badge for those achievements).

***Man in Medals:** the year 2019 is going perfectly by earning three medals (Tishreen Collegiate Programming Contest – Bronze & National Cyber Security CTF Contest – Silver & Syrian Collegiate Programming Contest – Silver).*

***Usain Learn:** Usain bolt is widely considered to be the greatest sprinter of all time. [Wikipedia](#), how about learning Angular 7 Basics and Laravel Package development and Symfony Bundles Development in one week!! Mission: (Usain Learn: Hello World!!) Completed.*

Algorithms And Data Structures:

- ICPC Regional Finals Contestant 2018 – 2019.
- ICPC National Finals Contestant 2016 – 2017 – 2018 – 2019 (Silver Medalist).
- ICPC Tishreen University Contestant 2016 – 2017 – 2018 (Bronze Medalist) – 2019 (Bronze Medalist).
- ICPC Albaath University Contestant 2018 (Bronze Medalist).
- ICPC Extreme Programmer Award on several occasions (Local and National).
- Problem Setter in Oman national contest OCPC2019.
- Problem Setter in the first official Algerian contest ALCPC 2018.
- Problem Setter in the Egyptian qualification contest EQCPC 2017 (one of the top ranked contests in region).
- Can build efficient algorithms to solve real life problems that can be solved using Computers.
- Can build efficient data structure to help solving problems.

Cyber Security (CTF Contests):

- Silver Medalist at the first Syrian CTF national finals organized by Cyber Talents.
- Advanced to Arab CTF regional final as one of the first two teams representing Syria in the regional.
- Solved 62 out of 115 challenges in the fields of (Web Security / Cryptography / Digital forensics).
- Ranked 4th Syrian and 99th Overall in [CyberTalents](#) Official Platform (handle: NourAlhadi)

Software Achievements:

- Financial Management Application.
- HR Application.
- Sticky Note.
- NotePad.

Web Development:

- Trained a team of junior web developers (Currently they are mid-level developers).
- El-Movies a web app built with (Symfony Framework 3.3)
– [Source Code Can Be Found Here –](#)
- Right Now News (news agency built with Symfony Framework 3.3)
– [Source Code Can Be Found Here –](#)
- El-Music a web app built with (Django Framework)
– [Source Code Can Be Found Here –](#)
- El-Photos a web app built with (Codeigniter 3.1.9)
– [Source Code Can Be Found Here –](#)
- uPos Challenge Marathon – Basic Product Management System (Codeigniter 3.1.9)
– [Source Code Can Be Found Here –](#)

Experience:

Coach:

Tishreen & Tartous University / Tartous and Latakia.

Feb 2018 – Until Now.

Achievements:

- Coaching more than 100 student in the field of algorithms and data structures.

CTO and Founder:

LinkIT Co. / Latakia.

October 2017 – Until Now.

Achievements:

- All Tech. Related Management.
- Training LinkIT team of developers.

CTO:

Syrian Pioneer / Latakia.

September 2016 – Until Now.

Achievements:

- Developing the main HR application
- Developing the financial application
- Trainer of a team of Med-Level Developers.

Software Engineer:

Syrian Pioneer / Latakia.

August 2014 – September 2016.

Achievements:

- Trainer of a team of Junior Developers (Desktop / Web Applications Development).

Certified Trainer:

Injaz Center / Latakia.

June 2013 – June 2014.

Achievements:

- Completed multiple computer maintenance course.

Skills:

Programming / Paradigms:

- Front-end Web Development:

- HTML / HTML5
- CSS / CSS3
- Bootstrap (Responsive Development)
- jQuery / JSON / Ajax / Javascript
- Pre-compiled CSS SASS
- Angular 7+

- Back-end Web Development:

- MySQL
- MongoDB
- PHP Laravel Framework
- PHP Symfony Framework
- PHP CodeIgniter Framework
- Python Django Web Framework.
- Can build and release a reusable Laravel packages.
- Can build and release a reusable Symfony Bundles.

- Languages and Tools:

- C++ / Java / Python.
- GUI development using Java / Swing
- Mobile Apps Development Using Flutter SDK (Next thing to do!!).

Operating Systems And Applications:

- Git VCS / Github.
- Windows CMD (basic usage) / Linux Terminal (good).
- Microsoft Office / Libre Office.
- PhpStorm / Pycharm / NetBeans (and many other IDE's).
- Uploading And FTP Services / Web hosting Management.

Soft Skills:
